Specific features

- Language Support
- Rich Media Support
- Section 508 Compliancy
- HIPAA Compliancy
- Dynamic XFA Forms support (US Tax forms)
- Commenting/Review collaborative flows
- Auto-save
- PDF Templates
- Auto-detect forms creation

Comment for Soda

- 8 languages but it's easy to switch among them.
- App doesn't support Rich Media.
- App doesn't have accessibility options/features.
- It doesn't maintain compliance with HIPAA.
- App doesn't support XFA.
- Ability to add comment and replies to annotations.
- App doesn't have this option.
- App doesn't have the feature.
- App doesn't have the feature.

Comment for Adobe

- Over 20 languages but it's very hard to switch to another one. You have to reinstall the app taking into account 3D objects, sound, SWF, video. Support Rich Media.
- It maintains compliance with Section 508 and has a lot of Accessibility features.
- It maintains compliance with HIPAA.
- App supports XFA.
- Ability to add comment and replies to annotations.
- App has this option.
- App doesn't have the feature. I found a few templates for InDesign which can be converted to pdf. .docx was checked. App has the feature but it works not well.

Comment for Nitro

- 6 languages. You can choose language only during install.
- App doesn't support Rich Media.
- App only has Nitro Screen Reader.
- It maintains compliance with HIPAA.
- App supports XFA.
- Ability to add comment and replies to annotations.
- App has this option.
- App doesn't have the feature.

App doesn't have the feature.

Comment for FoxitPhantom

14 official languages. Many languages from community.

Support Rich Media.

It maintains compliance with Section 508 and has a lot of Accessibility features.

It seems that it maintains compliance with HIPAA.

App supports XFA.

Ability to add comment and replies to annotations.

App has this option.

App doesn't have the feature.

.docx was checked. App has the feature but it works not well.

Comment for Wondershare PDFelement

8 languages. You can choose language only during install.

App doesn't support Rich Media.

App doesn't have accessibility options/features.

It doesn't maintain compliance with HIPAA.

App supports XFA.

Ability to add comment to annotations. There is no ability to reply.

App has this option.

Many templates on the website.

.docx was checked. App has the feature but it works not well.
